## International Clinical Trials Day 2018 - Clinical Trials and Innovation

ECRIN's 2018 celebration of ICTD will take place in Budapest, Hungary on 15 May 2018. The theme of this year's event is 'Clinical Trials and Innovation'. The aim is to engage with the public, scientific community and decision makers on issues related to (multinational) clinical trials in Europe, and to address issues related to clinical trials and innovation in particular.

ICTD 2018 is organised by ECRIN in collaboration with its Hungarian national scientific partner, the (Hungarian European Clinical Infrastructure Network (HECRIN)).

The event will bring together investigators, patient representatives, national authorities, health technology assessment specialists and other stakeholders involved in multinational clinical studies from across Europe and Hungary.

**Please note : Registration is open until the 1st of May.**
